Shaft - D-Shaft (Stainless; 1/4"D x 10"L)

ROB-12406

⊚ images are CC BY-NC-SA 3.0

Description: These 10" long stainless steel D-Shafts have a diameter of $\frac{1}{4}$ ". The flat edge that runs the length of the shaft makes it an ideal drive shaft, when used with a gear, pulley, or even a shaft coupler.

Dimensions:

- Length 10"
- Diameter 1/4"
- Flat Edge Width 0.16"
